

# Linebaugh Custom Sixguns Seminars

The theme of the seminar is ***Sixguns: Dissolving the Myth - Discovering the Potential***

The seminar starts with classroom presentation of general sixgun knowledge, models, caliber, and accepted potential. This moves into the following areas:

- Ballistics
- Pressure data
- Safety factors
- Accuracy
- Bullet performance
- Long range accuracy
- Effectiveness on big game

We do a lot of shooting (all involved), penetration tests in wet paper and bone. Everyone shoots and tests their favorite loads, charging bear target, machine rest sixgun demonstration, big bore rifles compared to handguns, Taylor-Ko-Knock Out Theory, and the Elmer Keith deer shoot long range (four shots in 30 seconds with .40 caliber and up). My personal big bore sixguns include:

.45 Colt  
.475 Linebaugh  
.500 Linebaugh  
.38-.40

Big bore rifles include .375 H-H, .416 Remington, .45-.70 gov., .458 Winchester, and the .50 Alaskan. Each can be shot and tested by all. We invite all attendees to bring as many of their own firearms and plenty of ammo to test and evaluate. This is a hands on- everyone involved shooting seminar. Breaks will be taken and questions answered as they arise during the course of the seminar.

This is a comfortable hands on shoot. If you have a BIGGER gun and the range allows it, by all means bring it along.

Our seminar at Cody has had the biggest .600 Nitro, .470 Double, .45-.70 Gatling gun, and a 20mm cannon. This seminar is a unique opportunity to handle and shoot some of the truly big bore rifles and sixguns.

This also gives a side by side demonstration of the true potential they have and don't have. A good sixgun with the right load will often times out penetrate even the larger rifles. They do not hit as hard but they do penetrate.

I have built over 800 Custom Sixguns in the past 20 years of full time gun making. The .475 & .500 Linebaugh cartridges have taken almost every big game animal throughout the world. They are practical, packable, & powerful! These seminars give us a chance to share 20+ years of experience not only in the gun shop but in the field.

Old School Gunology is our way of life!

The cost of the three day seminar is \$200 per person. Spouses and children under the age of sixteen may accompany the seminar attendee at no additional charge.
